

AMERICANS TAKE
NICARAGUAN CITY

Severe Fighting May Have Preceded the Surrender.

REBELS FIRE UPON MARINES

Insurgents Disregard Orders of Officers and Attack Americans Marching Upon Leon, Wounding Five—Marines Return the Fire, Killing Thirteen Rebels and Wounding Many More—Four Marines Are Killed in Previous Engagement.

San Juan, Del Sur, Nicaragua, Oct. 7.—The town of Leon has been surrendered to the American forces. There is reason to believe that no fighting occurred, but details of the surrender are lacking.

Washington, Oct. 7.—In their march upon Leon, the last stronghold of the insurgents, the American forces under Lieutenant Colonel Long ousted a rebel mob at Chichigalpa, killing thirteen outright and wounding many more. Five Americans were slightly wounded. The town is on the Nicaraguan national railroad, midway between Leon and Corinto.

In reporting the engagement to the navy department Rear Admiral Southard said Lieutenant Colonel Long and his command were trying to secure arms and dynamite bombs in Chichigalpa last Friday morning when they were surrounded by a mob of rebels and their sympathizers, well armed with machetes and rifles.

Disregarding the orders of their officers several rebels fired upon the Americans. The fire was promptly returned and, in addition to killing the thirteen rebels and wounding many more, the Americans took four dynamite bombs.

Lieutenant Colonel Long's command consisted of about 1,000 marines and bluejackets from the cruisers California, Colorado and Denver.

Aggressive Program Ends.

The capitulation of Leon, the beleaguered town from which reports of distress have been coming ever since the rebel occupancy, completes Admiral Southard's aggressive program, which has been put through since the surrender of General Mena at Granada.

With Granada fallen and General Mena, the moving spirit of the uprising, deported to Panama the admiral and his forces returned to Masaya and it falls out that, while one section of the American forces was engaged in routing Zeledon and his rebels from the hills at Barranca, Colonel Long's command was already fighting at Chichigalpa, hard upon Leon. It is therefore believed here that the strength of the insurrection has been dissipated with the capitulation in such quick succession of the principal rebel strongholds.

Confirmation of the reported surrender of Leon had not been received here.

President Taft telegraphed to the navy department from Dalton, Mass., complimenting the marines and sailors on their splendid behavior in Nicaragua and expressing his sympathy for bereaved men and comrades who lost their lives.

FOUR MARINES ARE KILLED

Number of Other Americans Wounded in Nicaragua.

Washington, Oct. 7.—In a gallant assault American marines and bluejackets Friday drove the Nicaraguan revolutionary leader, Zeledon, and his forces from Soyotepe and Barrancas hills, near Masaya, after thirty-seven minutes of fighting. But in the action four privates of the United States marine corps were killed and a number were wounded.

The victory of the Americans opened the way for the Nicaraguan government troops to assault the town of Masaya, which they took from the revolutionists, and the starving inhabitants were relieved.

The insurrectionist losses were heavy, while the government forces lost 100 killed and 200 wounded. General Zeledon, the rebel leader, escaped, but later was cornered and killed by a troop of federal cavalry.

BECKER WITNESS IS KILLED

Jack Zelig Shot to Death on New York Street Car.

New York, Oct. 7.—Big Jack Zelig was shot and killed here. The East Side gang leader and prospective witness in the trial of Police Lieutenant Charles Becker for the murder of Herman Rosenthal, the gambler, was seated in a Second avenue open trolley car when Philip Davidson, who says he is a fruit dealer, jumped on the running board and fired the fatal shot. Davidson leaped from the car and ran, but was caught, pistol in hand. He admitted the shooting and said it was for revenge, according to the police, who say that the prisoner asserted Zelig had held him up at the point of a revolver in an East Side hallway and robbed him of \$400.

FRANK J. GOULD.

Customs Officials Holding Baggage Valued at \$400,000.

GOULD'S BAGGAGE HELD UP

Claims It Is Entitled to Free Entry Because of Nonresidence.

New York, Oct. 7.—Thirty-six pieces of baggage which Frank J. Gould, his wife and her three sisters brought to America when they arrived from France are being held by the customs authorities. With their contents of gems and gowns the baggage is said to be valued at \$400,000.

The seizure was made upon a technicality. Mr. Gould claimed he was entitled to have the baggage entered free under the nonresident clause of the customs laws giving such right to an American who for two years has maintained a bona fide residence abroad.

The customs authorities claim Mr. Gould is not strictly in the nonresident class.

BRYAN FORMS GOOD
OPINION OF WILSONNebraskan Says Governor Is
First Rate Campaigner.

Lincoln, Neb., Oct. 7.—Governor Woodrow Wilson, presidential nominee of the Democratic party, and William J. Bryan, three times Democratic candidate for the same office, had a heart to heart talk here on the political situation throughout the country. Both unhesitatingly predicted a Democratic victory.

In the sun parlor of Fairview, Mr. Bryan's home, the veteran campaigner and the newcomer in national politics sat for a few hours, before the governor's train left, discussing the progress of the campaign, but with particular reference to the Rocky Mountain states, where Mr. Bryan had just completed a six-week tour.

The governor was delighted with his reception in Nebraska. "I think the demonstration in Lincoln was very remarkable, indeed," he said. "I have had a splendid time, especially with Mr. Bryan."

When the newspaper correspondents called at Fairview, Mr. Bryan and the nominee were being photographed together.

Mr. Bryan said he watched the governor closely in his five speeches here and sized him up as a first rate campaigner who adapts himself admirably to his crowd.

COLDER LATE IN THE WEEK

Weather Bureau Prediction for Northwest States.

Washington, Oct. 7.—Fair weather and moderate temperatures throughout the Eastern and Southern states and the Pacific slope are predicted for the present week by the weather bureau. The weekly bulletin says, however, that "a disturbance will appear in the Far West Wednesday or Thursday and be attended by unsettled weather and rain; it will prevail over the Middle West near the close of the week. Following this disturbance a pronounced area of high barometer attended by much colder weather will appear in the Northwest Friday or Saturday and spread rapidly eastward and southward."

TRAIN MUST BE PURIFIED

Public Health Service Will Enforce Sanitary Traffic Conditions.

Washington, Oct. 7.—Sanitary inspection of all trains and vessels in interstate traffic is to be begun immediately by the public health service. The officers of the service will report to headquarters at Washington the names of railways and steamship companies on which bad conditions are found with full details of the conditions.

"It is contemplated," the treasury department announces, "that these reports will be published."

Jail Breakers Kill Guard.

New Westminster, B. C., Oct. 7.—One guard was killed, another wounded and two convicts shot in a dash for liberty at the penitentiary here. Other guards captured the prisoners after wounding each.

CLARK'S FRIENDS
WERE TOO NOISY

Otherwise Speaker Might Have Been Nominated.

INCIDENT OF THE CONVENTION.

Valuable Time Was Lost in an Effort to Create a Stampede—Monorail Car to Run Between the Office Building and the Senate—Republicans Eager to Retain Control of the Senate.

By ARTHUR W. DUNN.

Washington, Oct. 7.—[Special.]—There are friends of Champ Clark who believe he would have been the Democratic nominee for president of the United States had it not been for the noise and violence of his friends.

When Charles F. Murphy cast the ninety votes of New York for Clark at Baltimore the speaker's friends made such a demonstration as frequently happens in national conventions. They pawed the air, waved flags, tore up state standards, marched about the hall, brought in huge banners—in fact, they did everything that is supposed to start a stampede for a popular candidate. But stampedes are not made by any such forced and prepared methods. It was plain to be seen that two or three minutes would have exhausted the real applause. But the wild element, the "Johnny boys" brigade, the mobs in the galleries and surrounding the delegates, and many of the delegates themselves, kept it up, as though it was helping Clark.

What It Really Did.

That demonstration was prolonged to such an extent that it gave the friends of William J. Bryan time to run over to the hotel, wake him up, tell him all about it while he was dressing and get him into the convention hall before another ballot was taken.

Then history was made. There in the dead of night Bryan forced the convention to hear him when he had his name called to vote. He put "the Indian sign" on Champ Clark, declaring that he would support no man nominated with the help of New York and broke his instructions to vote for Clark. Others followed him, and Clark's chances began to fade.

What Would Have Happened.

Had the demonstration lasted but a few minutes and the balloting proceeded it is possible that a legitimate stampede might have been started for Clark. Some of the Underwood states might have broken. The Harmon votes in Ohio might have gone to Clark, but what is most important, the western men would not have become scared and uneasy over Bryan's position, and Clark might have been nominated before Bryan could have stated his position.

On One Rail.

Senators who have been riding from the office building to the senate will this winter ride in a monorail car instead of the electric automobiles which have been running through the tunnel. Elliott Woods, the superintendent of the capital, has been installing the new process. It will be balanced by an overhead connection which will furnish the electric power. It is the intention to some time run a tramway all around the tunnel system of the capital.

The Indian Knew.

"The Indian knew more about living outdoors than any other human being," retorted Wallace C. Spink of the senate library. "I have recently returned from one of my camping trips and used the Indian tepee tent. It is better ventilated, resists the wind better and proves a good shelter. I find it better than any other."

"I did a little exploring for the Rhode Island historical society this summer," continued Mr. Spink, "and found arrowheads, tomahawks, axes and a pot of clay paint which had been buried for 200 years. We found we could make use of the paint to decorate ourselves like Narragansetts, Connecticut and other tribes which once inhabited that region."

Trying to Save the Senate.

There is a belief in several political heads that the Republicans will put forth their great effort in trying to retain control of the senate, no matter what happens in other directions, this control to include regulars, insurgents, progressives, bull moosers or anything that will vote with the Republicans on most questions, more particularly the tariff after the 4th of March next.

On this account special efforts have been put forth in Maine to elect a Republican in place of a Democrat. It will be repeated in West Virginia. In New Jersey, New York, Massachusetts and other states where there is the possibility of electing a Democratic legislature special efforts are to be made to save enough members to hold the senate seat. The senate is well worth having, as it means a great deal in the way of control and patronage.

Accused of Rainbow Chasing.

"I hear that the Democratic managers in New York are trying to carry Pennsylvania," remarked a Democrat from the south who did not conceal his feeling on the subject. "Talk about rainbow chasing," he added. "Why, that beats anything ever attempted. We all know that, whatever else happens, those Pennsylvania protectionists will win."

COLONEL J. HAMLEWIS ROBBED

Loses Jewels to the Value of Between \$5,000 and \$10,000.

Chicago, Oct. 7.—The hotel apartments of James Hamilton Lewis, Democratic candidate for United States senator, were robbed here. The police have been notified that jewels to the value of between \$5,000 and \$10,000 were stolen.

SIX KILLED WHEN
CAR STRIKES AUTO

Bodies of Victims Mangled Almost Beyond Recognition.

Dallas, Tex., Oct. 7.—E. R. Cornelius of Palmer, Tex., his wife and two daughters and his sister and her child were killed when the automobile in which they were riding was struck by an interurban car near Arlington, twenty-five miles from Dallas.

The car, traveling at a rapid rate of speed, struck the automobile squarely in the middle, throwing its six occupants directly in its path. The bodies were mangled almost beyond recognition.

THREE AUTOS IN COLLISION

Eight Men Killed in Accident at Philadelphia.

Philadelphia, Oct. 7.—A collision on a bridge at the edge of Fairmount park in which three automobiles were involved resulted in the death of eight men.

One of the machines containing nine men came on the bridge at great speed. Its approach was seen by John I. Spade, a contractor, who was going over the bridge in the opposite direction in a motor. He tried unsuccessfully to avoid the machine.

A third automobile was directly behind the speeding car and ran into it, with the result that the first machine was knocked off the bridge into a coal yard alongside the railroad tracks. The drop was about forty feet.

NOTED WOMAN PASSES AWAY

Mrs. Perry Starkweather Dies Suddenly at St. Paul.

St. Paul, Oct. 7.—Mrs. Perry Starkweather, head of the department of women and children of the state bureau of labor, died suddenly in the Union depot when about to board a Northwestern train for Madison, Wis. She was to have conferred with officials of the Wisconsin state bureau of labor and to have spoken before the Federated Women's club at Janesville, Wis.

The cause of death was heart trouble, according to Police Surgeon Schnache.

Accompanied by her husband Mrs. Starkweather left their home to take the train. It is said she recently had made no complaint of feeling ill.

HIS FRIENDS ARE ALARMED

Vice President Sherman Said to Be Quite Ill.

Utica, N. Y., Oct. 7.—Friends of Vice President James Sherman are alarmed about his physical condition. On his return to Utica after a month's stay at Grove Beach, Conn., he could not be kept in the house, although absolute quiet and rest had been ordered for him. He insisted on getting up out of bed and going about. Thereupon his clothes were taken away from him and concealed. All that was left for him was a dressing gown.

MINERS ACCEPT WAGE SCALE

Montana Coal Workers May Return to Work at Once.

Great Falls, Mont., Oct. 7.—Coal miners of Montana by a referendum vote have decided to accept the increased scale of wages agreed upon by the operators and representatives of the miners at a recent conference held here. The scale will take the place of the wage contract, which expired Oct. 1.

Since the expiration of the old contract the miners have been idle. It is expected they will return to work at once.

UPON ENGLAND

GERMAN AVIATORS KILLED

Ernest Allig and His Mechanic Fall From Dizzy Height.

Berlin, Oct. 7.—Aviation week at Johannesthal was concluded after two more deaths had been added to the long list of fatalities among European aviators during the last two months.

A monoplane, driven by Ernest Allig and carrying a mechanic, fell from a height of 600 feet when a wing collapsed. The mechanic was thrown from the machine at a height of 450 feet and his body landed on the ground clear of the wreckage. Allig fell with the monoplane and was killed instantly.

The accident was witnessed by a big crowd.

DE PALMA BADLY INJURED

Auto Racing King in Collision During Grand Prix Event.

Wauwatosa Racecourse, Wis., Oct. 7.—Driving his big Mercedes car at terrific speed in an attempt to pass Caleb Bragg in the last lap of the Grand Prix Ralph De Palma, one of motordom's racing kings, grazed the rear of Bragg's Fiat. De Palma is in a hospital and physicians will not predict his chances for recovery. Tom Alley, his mechanic, also was severely injured. The big Mercedes car is a wreck.

Bragg is inconsolable, the accident coming so close upon that which cost the life of his closest friend, David Bruce-Brown.

5,000 TONS OF COAL BURN

Train of Cars Also Consumed When Chicago Yards Are Swept.

Chicago, Oct. 7.—Sparks from a locomotive started a fire here that destroyed 5,000 tons of coal and burned over a four-acre coal yard belonging to the Philadelphia and Reading Coal and Iron company. Intense heat and fumes kept the firemen at a distance to the windward of the fire and, urged by a thirty-mile breeze, it burned straight across the yard unchecked by a score of streams playing on it.

A train of empty freight cars in the Baltimore and Ohio yards was abandoned in the path of the flames and consumed. The loss is about \$75,000.

Japanese Birdman Killed.

Rochester, N. Y., Oct. 7.—Mothsia Kondo, a Japanese aviator, aged twenty-seven years, was killed near Savona. His aeroplane struck the derrick of a large windmill and the aviator fell about forty feet, fracturing his skull.

Bright Boy.

"Can you stand on your head?" asked a visitor of little Dudley.

"No," he replied. "It's too high up."

Britain Seems to Hold Key to Balkan Situation.

POWERS READY TO INTERVENE

Principal European Nations Have Accepted With Some Modifications French Premier's Plan for Intervention, but It Is Understood Here That Great Britain Hesitates in Going So Far as to Assume with the Other Powers Responsibility for Securing from Turkey broad reforms in Macedonia.

Paris, Oct. 7.—War or peace between Turkey and the Balkan states still is in the balance. If anything it might be said that the scales swung slightly against peace in the sense that every hour's delay of intervention by the powers increases the danger of hostilities.

The word now rests with Great Britain. All the other powers have accepted with some modifications the French premier's plan for intervention, but it is understood here that Great Britain hesitates in going so far as to assume with the other powers responsibility for securing from Turkey broad reforms in Macedonia.

Great Britain's procrastination is causing some uneasiness and some criticism in Paris. Such papers as the Temps asserts that they cannot understand Great Britain's lack of sympathy in the needed Turkish reforms when in 1876 that country rose up in a body against the so-called Bulgarian atrocities of that year.

Reports received here give the Balkan government's irreducible minimum as complete national autonomy for Macedonia, with Christian governors of the provinces, the creation of a local militia and the withdrawal of Turkish troops. Turkey is described as willing to be conciliatory and moderate, but considerable doubt is expressed as to whether she would ever accept such demands.

PORTE PROMISES REFORMS

Mediation of the Powers May Prevent War in the Balkans.

London, Oct. 7.—A statement came from Constantinople that the porte has announced its willingness to put into execution article 23 of the Berlin treaty relating to a greater measure of self government for Rumelia and Macedonia. It is stipulated by the porte that the details are to be settled by consultation with the European Rumelian commission, which comprises representatives of Great Britain, France, Germany, Austria, Italy and Russia.

Should this statement prove accurate there will be a good chance that mediation of the powers resulting from the Paris pourparlers may prove effectual in preventing war.

FRESH RIOTING AT DULUTH

Clash Starts Following Parade of Street Car Strikers.

Duluth, Oct. 7.—Rioting in connection with the street car strike broke out again and for an hour cars passing through the West End, a manufacturing suburb, were stoned and several passengers were injured. The trouble was finally suppressed.

There was also trouble in Superior, one car on the Interstate line being wrecked.

The outbreak followed a parade of strikers held in both cities. Bad service by strikebreakers, it is said, was in a measure blameable for the trouble. The cars were filled with football fans returning from a game at Athletic park and a clash started when car crews, it is said, refused to give out transfers at a transfer point.

MEXICANS SLAY CAPTIVES

Atrocities Practiced on Women and Children by Zapatistas.

Mexico City, Oct. 7.—Word was brought into Toluca, southwest of here, of the almost total annihilation of a detachment of rural guards and a number of women and children in a fight with Zapatista rebels near Sultepec.

The sole survivors of the rurales and their party—three men and a woman—straggled into Toluca. They said a battle lasting three hours was fought. After the men were killed many atrocities were practiced upon the women and children.

The body of Major Flores of the rurales detachment was chopped to pieces and then burned.

Fight Over Pipe Is Fatal.

Camden, N. J., Oct. 7.—His objection to smoking at the table is said to have caused the murder of P. J. Toxmann, who was stabbed to death in a boarding house here. The police are looking for a fellow boarder, who is alleged to have stabbed Toxmann in the heart during a quarrel which arose when the missing man lighted a pipe at supper.

Baseball Season Ends.

New York, Oct. 7.—The thirty-eighth annual campaign of the National Baseball league and the twelfth annual American league season closed simultaneously, with the New York and Boston clubs the respective champions by substantial margins of 70 and 92 points over their closest competitors.

Men should be elected to the legislature on November 5th who will favor a fair and just reapportionment measure.

Indian summer is the prettiest season of the year, and Minnesota never passes the season by without her share of the glorious October weather.

Roosevelt's statement that he paid no attention to contributions for his campaign and left that to his committee is undoubtedly true, but he should also have added that the committee were onto their job.

E. E. Smith was reelected chairman of the republican state central committee at St. Paul by acclamation. The opposition so loudly proclaimed failed to materialize. J. O. A. Preuss was reelected secretary and Geo. F. Dix treasurer. Governor Eberhart addressed the meeting and predicted a sweeping republican victory.

Mary McFadden is negotiating for the purchase of The Courant, a monthly St. Paul publication devoted to the interest of Minnesota club women, and if successful will make it a weekly and champion the woman's suffrage cause. Mary will be welcomed to the newspaper family.

of Minnesota to which she has been longed by proxy for many years, and the suffrage cause will be lauded to the highest pinnacle by Mary's vigorous pen.

Frank Day is on the job again, not as chairman of the state democratic committee but as chairman of the committee that will manage the campaign. Well, Frank is used to it, he has headed many, many losing campaigns before and one more added to the string will not affect his political standing.

Times are good, people are prosperous, there is plenty of work at good wages for every man who cares to labor and there is no reason why the people should desire a change of administration. Changes often bring disaster and upset the business world to the disadvantage of those who were satisfied before. Let well enough alone.

The important amendment to be voted on at the coming election is that providing for a one mill levy for good roads in this state, and it is one that nearly every one is in favor of and which if defeated will be because of the thoughtlessness of voters when they go to the polls and the multiplicity of ballots. As a constitutional amendment has to have a majority of all the votes cast at the election it is vital that all who favor it make a special effort to remember that their vote is necessary.

The menace to the northwest from a democratic victory will cause both democrats and republicans to hesitate before giving Wilson their votes, says the St. Cloud Journal-Press, and with the slump in the Roosevelt sentiment, Taft will be the beneficiary of the support of men who will not care to take chances in overturning prosperous conditions. What looked a few weeks ago like a hopeless fight for President Taft now presents a more promising outlook and with an aggressive fight Taft can carry the state.

Brother E. C. Kiley, the man who puts Grand Rapids on the map through his excellent publication, the Grand Rapids Herald-Review, is a candidate for the legislature in the Cass-Itasca-Aitkin district on the democratic ticket and is putting up a vigorous campaign. His opponents on the republican side are P. H. McGarry, of Walker, and C. H. Warner, of Aitkin, and newspaper reports are to the effect that they are keeping their weather eye on the Itasca newspaper man to see that he does not slip one over them.

The Minnesota State Agricultural Society will hold its annual meeting in Minneapolis on January 14th, the announcement of the date so long in advance being to acquaint the public of the interesting event in plenty of time. The meeting will be attended by some of the leading agricultural experts of the country and an interesting program of educational value will be arranged to occupy the time of the delegates during the four day's session. The election of officers will take place on Friday, the last day of the meeting.

The committee of fifty is falling off at a rate that horrifies the remaining bull moosers and unless a reaction sets in there won't be enough for a quorum of the original shouters left by election time. The last to desert the ship is James A. Larson and he was jarred loose by the naming of a candidate for secretary of state by Hugh Halbert to run on the ticket with Collins for governor in opposition to the well known opinion of some of the committee. Larson voices his final defiance along with Senator Hayercraft, who presided over the Roosevelt state convention in May, Senator A. L. Hanson, T. T. Ofstun, W. W. Rich one of the original bull moosers in the state and chief advisor with Senator Clapp, Cleon T. Knapp and others. The road the bull moosers have been traveling has been full of bumps and "thinks you m'ams" and many others are just hanging on to see what the next jolt will do.

NEW MACHINERY AT THE SHOPS

Machine Shops Has New Wheel Lathe, Shaper, Key Cutter, and Boring Mill Added

NEW 10 TON CRANE INSTALLED

Blacksmith Shops Has New Track Scale Put in Near the Iron House Conveniently Situated

Among the departments of the Northern Pacific railway shops which have recently added new machinery, the machine shop heads the list in improvements. In this section there has been added a new wheel lathe, shaper, boring mill and key cutter.

The greatest improvement made is the addition of a ten ton electric crane to travel in the center of this part of the shops. It is being installed at the present time.

No definite figures can be given out regarding the exact number of men at work in the shops, but a cursory examination of the departments shows that a large force is at work. Every department is kept in the finest shape possible. Work is turned out promptly. The pay days rank the highest in the history of the shops.

At the blacksmith shop a new track scale has been put in near the iron house for weighing out iron to be delivered to this department, thus saving a lot of re-handling.

PROCLAMATION

ATTEMPTS TO ROB JEWELRY STORE

Special by Phone to Dispatch:

Crosby, Minn., October 7—Burglars attempted to gain entrance to the jewelry store of Wm. Butt near midnight Saturday and Mr. Butt who is a former Brainerd man, arose, took out his six shooter and awaited events. They tried the door fastenings and at length gave it up, which was fortunate for them, for a shower of cold lead awaited them had they entered the place.

"KID IRISH" IS DUE HERE

Son of Mr. and Mrs. J. E. Ireland, a Bantam Weight Wrestler, Looking For a Match

"Kid Irish," bantam weight wrestler and champion of the Pacific coast, is due to arrive in Brainerd October 20. The kid is looking for a match. In his letter he states:

"Will reach Brainerd on or about October 20th with my trainer; and if there is any wrestler in or around Brainerd not weighing 125 pounds will try and arrange for a match when I reach there."

"I was born in Brainerd December 20, 1892 and I am the son of Mr. and Mrs. J. E. Ireland. My father was in business in your town some years ago and any of the old timers in Brainerd will know him, but I will be a perfect stranger."

The communication is published in the hope that "Kid Irish" will find somebody to wrestle with when he reaches Brainerd.

REV. DAVIS TO GO TO MINNEAPOLIS

Special to Dispatch:

Morris, Minn., October 7—Rev. Charles Fox Davis, for over six years pastor of the First Methodist church of Brainerd, has been assigned to

Foss church of Minneapolis. He will be succeeded at Brainerd by Rev. E. E. Satterlee, of Excelsior, where he was pastor the last five years.

The Foss church has a membership of 485, which is twice the size of the Brainerd church. He also receives a large increase of salary. The congregation at Brainerd had invited him to stay and had fully expected him to do so.

Rev. Davis came to Brainerd six years ago and has given the church the best pastorate in its history. The membership has been increased and all departments are in splendid shape.

He has earned the title for himself as the "marrying parson," as his popularity has brought many couples to him for the ceremony. An earnest and eloquent orator, his sermons were always models of fine thought and vigorous diction.

While no word has been received from Rev. Davis, it is probable that next Sunday may be his last Sunday here. The congregation and the city at large will regret to see Rev. Davis go.

DYNAMITER PLEADS GUILTY

Special to Dispatch:

Indianapolis, Ind., Oct. 7—Edward Clark, of Cincinnati, today pleaded guilty to government charges in dynamite conspiracy. The prisoner was separated from the other forty-five defendants and taken to jail to await imposing sentences. Clark pleaded guilty to all charges, five counts of conspiracy and fifty counts of being principal to actual illegal interstate shipment of dynamite and nitroglycerine.

U. A. Smith, Bridgeton, Ind., had kidney trouble for years, and was so crippled with rheumatism he could not dress without help. He started using Foley Kidney Pills, and says: "I began to get better at once, and now all my trouble has left me and I do not feel that I ever had rheumatism. I rest well all night and tho' 59 years old, can now do the work of a man of 35 years. I would like to be the means of others getting benefit from Foley Kidney Pills. Refuse substitutes. OWA MAN STUCK WITH PITCHFORK

A farmer living in the Northern part of Iowa stuck himself in the leg with a pitch fork. The wound would not heal and for two years he had a running sore. He tried all the common salves and liniments and sometimes the sore would heal, but it always broke open again. Finally he healed it up to stay healed with Allen's Ulcerine Salve.

This salve is one of the oldest remedies in America and since 1869 it has been known as the only salve powerful enough to cure chronic ulcers and old sores of long standing.

Allen's Ulcerine Salve acts by drawing out the poisons and healing the sore from the bottom up. It is so powerful that it heals new cuts and sores in one-third the time that common salves and liniments take. And it heals burns and scalds without a scar.

FORMER BRAINERD DRUGGIST KILLED

Special to Dispatch:

Oslo, Minn., October 7—Oscar Hilgen, a local druggist who received his early training at the drug store of Mayor H. P. Dunn of Brainerd, was shot and killed while hunting about five miles from Oslo. He was with his brother Joe at the time of the accident.

DEATH OF H. H. HITCH

Died at Jamestown, N. D., Sunday Evening of Blood Poisoning From Ulcerated Tooth

H. H. Hitch, a well known business man of the city located at Jamestown, N. D., died there at 7:30 Sunday evening, his demise being due to blood poisoning resulting from an ulcerated tooth. His wife was with him when he passed away.

Mr. Hitch had visited Brainerd about two weeks ago at which time he had his tooth treated. It pained him after that. He kept working on however and is said to have neglected seeing any dentist. Ultimately his face commenced to swell and eventually even his eyes were swelled shut. He telegraphed his wife and she left for Jamestown Saturday evening.

The deceased leaves a wife and one son aged three years. His brothers, V. L. Hitch and M. E. Hitch, live in Brainerd. The deceased was born in Iowa and was about 33 years of age. At Chicago he was first employed by Swift & Co. and later was assistant in charge at Brainerd, having been in the employ of the company a period of seven years. Later he took up cement contracting.

The remains will arrive in Brainerd Tuesday morning at four o'clock and it is not definitely known if they will be sent to his old home in Liscomb, Iowa or to Blandinsville, Illinois.

The sympathy of the community is extended the sorrowing widow and family.

Antoine Deloria, postmaster at Garden, Mich., knows the exact facts when he speaks of the curative value of Foley Kidney Pills. He says: "From my own experience I recommend Foley Kidney Pills, as a great remedy for kidney trouble. My father was cured of kidney disease and a good many of my neighbors were cured by Foley Kidney Pills." For sale by H. P. Dunn. mwf Adv.

TAFT SENTIMENT GROWING

P. H. McGarry Says the Trend to Taft is Something Remarkable in Last Weeks

P. H. McGarry, of Walker, came from the north today and when interviewed stated he was what might be termed a receptive candidate for the speakership. As a resident of northern Minnesota he was intensely interested in quite a few matters affecting this section of the state. "Taft sentiment is growing considerably," said Mr. McGarry. "It is most interesting to see the manner in which the trend of opinion is swinging to Taft. In some sections where the Bull Moose appeared to be browsing undisturbed and the king of all the domain, there is now not a trace of T. R."

"You find a strong Taft sentiment in Koochiching and Cass counties. You know our county of Cass sent a strong Taft delegation to the republican congressional convention in this district."

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapepsin" Will Make Your Disordered Stomach Feel Fine in Five Minutes. Time It! If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains powder sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion. Adv.

These Plasters Different

The action of Dr. Cunningham's Plasters is entirely different from all other kinds.

As soon as these plasters are applied they start to draw out Inflammation—Uric Acid and poisons—and when these plasters become filled will start to itch.

Yet with all their effectiveness these plasters contain no Belladonna or Capsicum to irritate—no morphine or opiates to deaden pain.

Dr. Cunningham's Plasters are made in all shapes to fit different parts of the body.

Full directions with each plaster which comes in a large envelope.

Out of town people please enclose 4 cents for postage.
